To create a Morse Code & Semaphore Card for your wallet or Survival Kit, follow these directions:

1. Print this page.
2. Cut out the above graphic.
3. Fold the graphic in half so that Morse Code is on one side and Semaphore is on the other side.
4. Laminate the folded graphic to waterproof it.

At one time the requirements for First Class Scout included passing a test for Morse Code and Semaphore. This is no longer a requirement. Morse Code and Semaphore remain as two forms of communication that could be lifesaving value in a survival situation.

With this in mind, BSA Troop 204, Foothills District of the Atlanta Area Council provides this card to all Scouts as part of their required Survival Kit.

You may reproduce this sheet as many times as you need. You may not charge for these sheets or any cards made from this sheet.
